

Medicine & Spanish

High School Special Schedule

Argentina | 2 weeks

Welcome to our High School Special Medicine Project in Argentina! Are you ready for a once-in-a-lifetime experience working with the local community and exploring this beautiful country?

Programme Goals:

- ▶ **Clinical:**
Spend time shadowing local doctors and nurses in a number of medical facilities. We work with regional hospitals as well as smaller and more specialist clinics. You will be exposed to a variety of different departments during your project.
- ▶ **Community**
Visit local communities and present information on various healthcare issues facing the region. You will develop materials and activities for awareness campaigns and healthy living workshops.
- ▶ **Learning**
Learn basic medical skills such as checking patients' vital signs, blood pressure and blood sugar levels. You will be taught how to assist with medical checks and about common ailments and illnesses in the region.
- ▶ **Cultural Immersion:**
Delve into the vibrant Argentinian culture by witnessing traditional dances, engaging in conversations with locals, and indulging in the diverse flavors of traditional cuisine. After your volunteer work, improve your Spanish language skills to help communicate better with local people. Explore Argentina's history and heritage by visiting historical landmarks, experiencing the warmth and hospitality of local communities, and creating unforgettable memories along the way.

You will fly into Cordoba International Airport (COR). A Projects Abroad staff member will be waiting to greet you when you arrive. You will then travel about half an hour to the office, where you'll be introduced to the team and shown around.

After this quick introduction, you'll then be taken to your host family's house, which is usually close by. You'll be welcomed with open arms and a warm meal!

Highlights

- ▶ 15 service hours + 10 hours of hospital shadowing
- ▶ 20 hours of Spanish lessons
- ▶ Participate in community medical outreach projects
- ▶ Learn about the Argentinian medical system.
- ▶ Be immersed in Argentinian culture
- ▶ Offset your carbon footprint

Accommodation

Host family - sharing with other volunteers

Transport

Private bus, taxi, and by foot

Meals

Most meals provided at the host family. Some lunches will be packed lunch and some dinners will be at restaurants.

Timings

This schedule is subject to change, however you will be advised in advance regarding the times for the activities. This may differ from day to day depending on the activity and progress of the volunteer work.

Responsible Travel

We offset 100% of carbon emissions associated with your in-destination transport. We're committed to being fully climate-positive by 2024!

By volunteering with us you're helping reforestation efforts, protecting existing forests and providing employment to local communities around the world.

Day 2

Monday Induction

Morning: Learning

After breakfast, you will be collected from your host family and travel 20 minutes to the Projects Abroad office where you will be briefed on the Medicine project, your schedule, and get an introduction to Argentine culture.

Afternoon:

Culture

Eat a traditional lunch at a local restaurant before taking a city tour on a double-decker bus in downtown Cordoba. Return to your host family afterwards for a delicious dinner and some much-needed rest.

Day 3

Tuesday

Morning: Clinical

We will begin the day by visiting health centres and hospitals, and observing medical professionals in various different departments.

Afternoon: Learning

Return to your host family for lunch. Pause for a reflective moment as you review your morning session and make notes in your personal reflective journal. Join your teacher for your first Spanish lessons.

Evening: Culture

Enjoy a hands-on cooking class. Learn to craft traditional Argentine empanadas.

Day 4

Wednesday

Morning: Learning

You will participate in your first medical workshop where you will learn about the healthcare system in Argentina and be trained for the upcoming medical campaign in monitoring child health.

Afternoon: Learning

Anticipate a moment of reflection as you recap your morning session and jot down thoughts in your journal. Immerse yourself in your afternoon Spanish lessons.

Evening: Culture

Share the events of your day as you enjoy dinner with your host family.

Day 5

Thursday

Morning: Clinical

Return to the health centres and hospitals where you will continue to observe doctors and nurses as you learn about common illnesses in Argentina.

Afternoon: Learning

After a well-prepared lunch at the host family, record your thoughts and observations from the morning in your medical journal. Dive back in to Spanish lessons as you endeavor to become fluent in a new language.

Evening: Culture

Join staff and watch a football match at the local stadium. Experience the passion that drives Lionel Messi!

Day 6

Friday

Morning: Community

Lead health presentations about varying aspects of child health at selected day care centres and primary schools. Use interactive games and activities to promote hygiene and healthy practices. Preventative medicine through awareness campaigns and lessons is key to supporting public health.

Afternoon: Learning

Take time to relax and reflect before heading back to the office for Spanish lessons.

Evening: Culture

The whole group will get together for a Party Night! There will be a horror themed costume party. Make sure to pack an outfit that will stand out.

Day 7

Saturday

Full Day:

Have a relaxed morning with your host family. Enjoy lunch before heading to Patio Olmos Mall.

At the mall you will find a vibrant complex with various attractions. You'll be taken to enjoy a trampoline park, virtual reality games, a racing track, bowling and an escape room! It'll be an amazing opportunity to let loose, challenge yourself and have some fun with your new friends.

Day 8

Sunday

Full Day:

It's time to explore nature! The group will travel to Unquillo, a beautiful town located in the foothills of the Sierras Chicas mountains.

You will be taken on a hike through the Reserva Hídrica Recreativa Natural y Municipal Los Quebrachitos. This 5,000-hectare reserve is home to a variety of hiking trails, ranging from easy to challenging.

Day 9

Monday

Morning: Learning

You'll be exploring the world-renowned Pathological Anatomy Museum at the University of Cordoba's faculty of medicine. This unique experience offers a glimpse into the intricate world of medical anomalies, showcasing specimens that unveil the mysteries of various diseases.

Afternoon: Learning

Head back to your host for a homemade lunch before continuing your Spanish lessons.

Evening: Culture

Enjoy dinner as you unwind with your host family and fellow volunteers.

Day 10

Tuesday

Morning: Clinical

The morning will be dedicated to visiting health centers and hospitals as you continue to observe and learn from medical professionals.

Enjoy traditional games like "Dados", "Truco" and "Tejo" before a delicious dinner.

Day 11

Wednesday

Morning: Learning

Participate in a medical workshop as you learn about the impact of non-communicable diseases like diabetes and hypertension. Learn how to monitor and control such diseases.

Afternoon: Learning

Embrace your creative side and add Spanish jingles or songs to finalize your next medical awareness campaign.

Evening: Culture

Reflect, unwind, and relax at the host family, as you have a full day tomorrow.

Day 12

Thursday

Morning: Clinical

Join healthcare professionals for an observational experience at health centers and hospitals, where you can learn about different medical cases and procedures.

Afternoon: Learning

Grab your lunch at the host family, pause to reflect in your journal, and then get right into your Spanish lessons. Learning continues.

Evening: Culture

How are those Spanish classes going? Today is the time to go to the movies. There are Spanish and English options available.

Day 13

Friday

Morning: Community

Head to Mercado Norte, a bustling market and shopping centre where you will increase awareness of non-communicable diseases through interactive presentations to the community.

Afternoon: Learning

Join your final Spanish lessons.

Evening: Culture

Let's have fun! Celebrate all you've achieved with a farwell meal and party. Eat 'lomito' - this is a popular Cordoban sandwich made with grilled beef, cheese, ham, fried egg, tomato, lettuce, and various dressings.

Day 14

Saturday

The group members will likely be departing at different times, therefore day 13 and 14 may not be the same for everyone.

Your exact departure plan will be communicated with you directly by our local team. If you have longer to wait around, we will ensure you are comfortable and well taken care of. You will have the continued support of Projects Abroad staff right until you are safely at the airport to board your plane back home.

Want to learn more?

We'd be happy to talk to you and and and answer any questions you may have. You can call or email our team, or use the 'live chat' feature on the Projects Abroad website.
